

Important information regarding our clinics

With growing worldwide concerns around COVID-19 (coronavirus), London Eye Centre would like to assure you that we are committed to your health, safety and well-being. In addition to our highest standards of medical practice, our top priority has been taking extra precautionary measures to ensure the health of our patients, staff and doctors.

In keeping with our obligations as a health care provider to limit the spread of COVID-19, as well as complying with the recommendations of health care officials and government entities, we have temporarily closed our clinics. We hope to re-open as soon as the situation permits.

We do not take this decision lightly, but our top priority is to ensure the safety of all parties involved and, in this instance, it means putting measures in place that can slow down the spread of COVID-19.

If you have an appointment currently scheduled with us, a member of our team will be in touch to reschedule it.

For any questions or emergencies, please call us at [1-844-950-0616](tel:1-844-950-0616).

Thank you and we look forward to seeing you soon,

Your London Eye Centre team
